Evolution Spa Step

We've combined creative engineering with innovative thinking and have come up with a spa step unlike any other. Remove the top tread to reveal a compartment underneath that allows dry storage of spa accessories, towels, etc. The three-sided design permits entry and exit from three directions. The innovative design means the step will work on either round or straight-sided spas and the two-tone redwood-gray color complements most spa skirts. The heavy-duty construction will withstand 350 pounds. Assembly is quick and easy and shipping can be done economically by UPS.

Approximate Dimensions:
Top Step: 18" Deep x 28" Wide
Bottom Step: 29" Deep x 46" Wide
Approximate height - 14"
Model #ESS-RG

Colors Available

Handi-Step/Spa Step

The Handi-Step is the perfect addition to any spa, or for general use anywhere around the house. The step is also useful for reaching over the wall when vacuuming the pool. Lightweight and sturdy, it really is a Handi-Step.

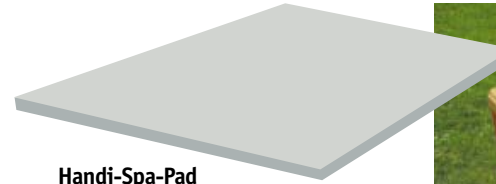

- 13" height to top step
- Each step 11" x 27"
- Supports 300 lbs.
- Snaps together, no hardware
- 1 year full replacement warranty
