Innovative Solutions From the Leader in Ladders

With over 30 years of experience, Confer Plastics leads the industry with pool and spa products that offer features and designs you won't find anywhere else. In fact, we made the first all-plastic pool ladder! Now we've put that experience to work to develop the best line of above ground pool ladders on the market.

Featuring products such as the revolutionary Pool Entry System and Confer-Step, we continue to provide a wider selection of models than our competition. These systems were carefully designed to provide safety and ease-of-use when entering and exiting the pool, perfectly suited to elderly or handicapped swimmers.

So take a look at what our innovations offer, and you'll see why Confer Plastics is the leader in ladders.

Pool Entry System

An excellent system for safety and convenience.

- Meets ANSI/NSPI standards
- Adjusts to fit 48" to 54" pools and decks
- Adjusts to fit most uneven or dished-bottom pools
- Top step covers the pool top seat in most installations
- Easy assembly; no metal parts
- Does not attach to pool
- Side openings help to reduce algae growth under unit
- Excellent for elderly, slightly handicapped, or heavy swimmers
- Non-slip step surfaces; gray color for high visibility
- Large, flat steps each with 270 square inches of surface
- Includes deck connector
- Fills with water to prevent floating; no sand needed
- Weight guideline: 400 lbs.
- Five year, pro-rated warranty

Pool Entry System Specifications:

Projection into pool	36"
Width	31"
Step dimension	10" x 27"
Riser height	11"
Handrail height	32" from top step

Specifications subject to change without notice.
(all specifications are approximate)

Gate Specifications:

Height of gate	58"
Width of gate	27"
Height of latch	57"
Gate is self closing self latching	(all specifications are approximate)

Available in following configurations:
 Model #PES-1 - Individual Entry System for use off of a deck
 Model #PES-DBL - Two Entry Systems with gate for use on pools without a deck
 Model #PES-G - Gate only

Model 6000

Heavy-Duty Inpool Ladder

- Five large treads
- Treads measure 5" x 18" wide
- 22" high handrails; 9-1/2" span
- All-plastic construction
- Weight guideline: 300 lbs.
- Five year pro-rated warranty
- Includes ANSI/NSPI required barrier

Model 6100

Evolution Inpool Ladder

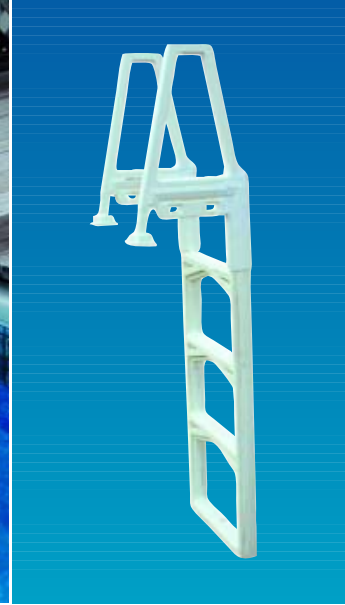

- Economical, full-featured inpool ladder
- Fits decks up to 54" high
- Snap-lock treads for quicker, easier assembly
- Five treads
- Full 16" inside tread width
- Strong sturdy design
- Minimal hardware
- No sand or bricks required; fills with water
- Available in white
- Attaches easily to deck; no extra parts required
- Five year pro-rated warranty
- Weight guideline: 300 lbs.
- Includes ANSI/NSPI required barrier

NEW Ladder Barrier

As required by ANSI/NSPI - Anti-Entrapment Ladder barrier included with #6100 and 6000, 7100 and 7000 ladders. NOT intended as a replacement for proper adult supervision. Also acts as a deflector for automatic pool cleaners.

Model 635-52

Economy Inpool Ladder

- Straight Up and Down Inpool
- Does not require barrier
- Adjusts to fit deck heights 46" to 56"
- 18" Width; 22" High handrails
- Weight guideline: 250 lbs
- One year full warranty

Confer Step

Confer-Step
Designed for easy pool entry

- Model #STEP-1
- Inpool Step for 48" to 58" pools and decks
 - Easy, snap-together assembly
 - Large, flat steps each with 270 square inches of surface area
 - Compact packaging – can be shipped by UPS/RPS
 - Includes mounting brackets to fasten to deck
 - Side openings help to reduce algae growth under unit
 - Weight guideline: 400 lbs
 - Five year pro-rated warranty
 - Requires 40 pounds of sand for installation

Note: The Confer-Step is designed for use in flat-bottom pools only. Our Pool Entry System can be adjusted to fit most dish-bottom pools.

Specs:
 Projection into pool 32"
 Height to top step.....45"
 Width..... 31"
 Step dimension..... 10" x 27"
 Riser height.....11"
 Handrail height.....38" from top step

Specs subject to change without notice. (all specs are approximate)

Model 8000

Model 8000 Entry Ladder
Economical Entry/Exit System

- Model #8000 Entry Ladder
- When combined with #Step-1 it forms an economical Entry/Exit System for 48" to 54" pools
 - Outside treads swing up into an upright position for security
 - 18" wide: 22"high handrail, 9-1/2" span
 - Weight guideline: 300 lbs.

To make the complete Entry/Exit System you will need:
 (1) #8000 Entry Ladder
 (1) #Step-1

(total of 2 cartons)

Connector System

Confer-Step Connector System

#Step-CK
 Connector Kit Allows the homeowner, who has a fenced in yard and no children, the option of connecting two Confer-Steps together without a gate. The Connector Kit can also be used to attach the Confer-Step to a wooden deck and will prevent swimmers from stepping on the pool top seat.
 Note: For best results place outside step units on level patio blocks.

To make the complete Connector System you will need:
 (2) #Step-1 units
 (1) #Step-CK kit

(total of 3 cartons)

Enclosure System

Confer-Step Enclosure System

The Enclosure System provides security by first, enclosing the steps with pickets, and secondly, with its self-closing, self-latching gate. It meets current BOCA codes and satisfies most building inspectors.

Model #Step-Enc
 Allows two #Step-1 units to be joined together, enclosed, and gated to restrict access by small children. Kit consists of connecting step, connecting rails, enclosure pickets and rails, and a self-closing, self-latching gate (when properly installed).
 Note: For best results place outside step units on level patio blocks.

To make the complete system you will need:
 (2) #Step-1 units (2 cartons)
 (1) #Step-ENC kit w/gate (2 cartons)

(total of 4 cartons)

The Confer-Step Enclosure System and Connector System are the newest additions to our fine line of pool products. An attractive and handy addition to any above-ground pool, they offer an alternative to the wooden deck and ladder.

The Industry Leader in Pool Ladders

Model 7100

Model 7000

A FRAME LADDERS

Confer Security

Confer Plastics promotes security and safety by including a padlock with every A-Frame ladder and gate we manufacture. All products include applicable warning labels and instructions to alert the swimmer of the appropriate way to use the ladder or step. However, it is important that everyone understands - **there is no substitution for adult supervision.**

Evolution A-Frame Ladder

- Economical yet full-featured A-Frame ladder
- Adjustable to fit 48" to 54" high pools
- Each side adjust independently
- Snap-lock treads for quicker, easier assembly
- Five treads on each side
- Swing-up outer treads for safety
- Outer treads can be padlocked (padlock included)
- Full 16" inside tread width
- Strong sturdy design
- Large top platform
- Minimal hardware
- No sand or bricks required; fills with water
- Available in white
- Convertible to inpool ladder using #CK7100 kit - sold separately.
- Five year pro-rated warranty
- Weight guideline: 300 lbs.

The Eliminator Ladder

- Eliminator A-Frame ladder for 48" to 54" pools
- Heavy-duty construction
- Outside treads swing up into an upright position for security
- No sand or bricks required to prevent floating; fills with water
- Convertible to inpool ladder using #CK100 kit - sold separately
- Outer treads can be padlocked (padlock included)
- Weight guideline: 300 lbs.
- Treads measure 5" x 18" wide
- Five year pro-rated warranty

Models 7100 and 7000 include required ANSI/NSPI anti-entrapment barrier.
