## Introducing the Pool Buster

Pool Buster is the world's first **battery-operated** handheld pool cleaner for your **entire pool or spa**.

Pool Buster connects to any telescopic pole\* for deep cleaning. This powerful device quickly cleans and removes debris such as hair, sand, pebbles and leaves from all areas in the pool or spa.

\*Pole not included

# Powerful, yet easy to use

The powerful Pool Buster does not need to connect to your pool's filtration system! Pool Buster has its own internal vacuum motor which makes it stronger than any other vacuum system.

It can operate for up to one hour on its **rechargeable battery** and works in any type of pool or spa. The Pool Buster contains its own easy-to-clean, reusable, large-capacity filter bag.

# CLEAN YOUR ENTIRE POOL IN MINUTES SPOT CLEAN IN SECONDS!

## A spot cleaner too

Remove the detachable vacuum head for spot cleaning and hard to reach places and corners.

## No hoses or priming

You will love the fact that Pool Buster requires **no bulky hoses** or electrical cords! The Pool Buster is environmentally friendly. It requires **no back-washing** or refilling of your pool or spa. Therefore, Pool Buster saves you money on water and chemical usage.

## For all pools & spas

Pool Buster contains everything you need in order to clean all gunite, vinyl and fiberglass pools and spas. Pool Buster is designed for both in-ground and above-ground pools. Both wheel and brush attachments are provided.
