ZODIAC, a leading manufacturer of automatic pool cleaners, has designed the Baracuda G3 to clean your inground pool more thoroughly, effectively, and economically than ever before. No other automatic pool cleaner is built better. So, don't take a chance on another pool cleaner, tell your ZODIAC dealer or pool professional you want the cleaner that will clean your pool like never before... The Baracuda G3. The choice has never been so simple.

Experience pool water clarity you can see and feel.

The Nature² Technology effectively sanitizes your pool. It destroys bacteria and algae by using our patented mineral technology and just 0.5ppm chlorine. This means greatly reduced potential for red stinging eyes, skin irritations and unpleasant odors.

The convenience of automatic chlorination

A Zodiac salt water chlorination system with Clearwater Technology automatically generates the right amount of chlorine necessary to keep your pool free of bacteria and algae. You will not have to worry about adding chlorine manually on a regular basis again.

◆ Receive \$50

Only a leading manufacturer of automatic pool cleaners can make a rebate offer like this! For a limited time, when you purchase a new Baracuda G3, you can receive a \$50 rebate. Just follow the simple instructions in this booklet and you'll receive a rebate check mailed directly to you from Zodiac. But hurry, this is a limited time offer!

◆ Baracuda G3 is time-tested

The Baracuda G3 has been tested and sold for years on some of the world's toughest pools. It will thoroughly clean your inground pool, including the walls, automatically-removing dirt, debris, bugs, twigs, leaves, and even pebbles. And its anti-stick design ensures maximum coverage, because it can navigate around steps, ladders, and corners and keep on cleaning your pool.

◆ Baracuda G3 is easy to install

You can install it in minutes. Since it's pre-assembled in the box, just attach the hose. No tools or special plumbing are required. And the Baracuda G3 also has the FLOWKEEPER, a self-adjusting water control valve and surface skimmer all in one, which automatically regulates water flow, ensuring peak performance even with lower horsepower pumps. The Baracuda G3 cleans automatically, anytime your pump runs.

◆ Baracuda G3 is pool owner friendly

The Baracuda G3 is one of the most pool owner friendly cleaners ever made. It has only one operational moving part, the diaphragm. If it should ever need service, its patented Quick Release Cassette lets you remove it, service it yourself, or replace it poolside.

◆ Baracuda G3 is quieter

Other automatic pool cleaners have a flapper which makes an annoying hammer noise. The Baracuda G3 is built to work quickly, effectively, and quietly.

◆ Baracuda G3 has a limited 2-year warranty

The Baracuda G3 is warranted against manufacturing defects and wear-and tear for 2 years. Even the hoses are covered for 2 years. Plus ZODIAC technicians are ready to provide any assistance you might need via our toll-free tech line or our website.

◆ Zodiac Leaf Catcher®

Capture leaves and other debris in the lightweight and easy to handle Leaf Catcher, with the T-Trap Connection for quick and easy cleaning. Ask your pool professional about this great Baracuda technology product from Zodiac.
